

## Private Equity Internship at one of the leading technology investors located in Munich

**Location:** Maximilianstraße 52, Munich, Germany

**Start:** As soon as possible; we welcome applications with start dates during the year

### Alpina Partners

Alpina Partners (“Alpina”) is a London and Munich based European technology growth investment firm that is independently managed and owned by its partners. Alpina has over € 300 million assets under management in two fund generations. Our dynamic team is characterized by its entrepreneurial spirit, a strong international network and a true passion for growth and technology. We invest in leading European technology businesses with revenues in excess of € 10 Mio. and a strong technical competitive advantage. We are a long-term investor focusing on sustainable value creation. Visit: <http://www.alpinapartners.com>.

### Job description and responsibilities

Alpina Partners is seeking outstanding candidates to work directly with the Munich team and its Partners as Intern (min. 3 months). Based on your experience, you:

- take a lead role in the evaluation and presentation of initial investment proposals
- help shape technology investment themes through primary and secondary industry research
- analyse financials & valuation and conduct company-specific due diligence and analysis
- be entrepreneurial and flexible to own various exciting projects evolving from our business
- be part of the Alpina team and attend all relevant meetings

### Your profile

For this challenging position we are looking for a person who works well in a very entrepreneurial organization, someone who is a self-starter with strong numerical skills and attention to detail:

- Outstanding written and oral communication skills both in English and German language with proven international work and/or study experience
- Final year Bachelor, Masters or PhD student from a top tier University with the following fields of study: Business Administration, Finance & Accounting, Engineering, and with top grades in relevant areas
- Relevant work/internship experience in at least one of the following sectors: Corporate Finance, Investment Banking, PE or PE-Consulting
- High proficiency in Microsoft Office (particularly Excel) with financial modelling skills

### What we offer

- A comprehensive insight into the daily business of a private equity investor and the possibility to attend all relevant meetings with your colleagues and external parties
- A working environment to enhance your skills beyond the theoretical knowledge from university
- Flat hierarchies and close cooperation with our team in London
